

Ready, Set, GO:

Begin Your JOURNEY to SAP S/4HANA®

Digital transformation is a journey. And as with any journey, you can't possibly finish it all in one go. Like riding in the Tour de France or Giro d'Italia, you will stop and start your transition to SAP S/4HANA® many times along the way, facing many obstacles that pose unique challenges for your business.

No rider enters the race without a dedicated coach and detailed map, so **SAP created this Webinar series** to help you get the best practices and expert insight you need to migrate your existing technology landscape to SAP S/4HANA. With these five Webinars, you can stop to learn more about what challenges you most or breeze by a leg of the journey you've already completed.

THE STARTING LINE

Get your map and preview the road ahead. Gain insider insight into the routes you can take during your transition to SAP S/4HANA, and learn how to plan your own specific journey.
